"Have him teach more classes. I wish there were more doctors like Dr. Barbour in the world. I really enjoyed the material in this class and he made sure we all knew it - Review, Review, Review! He is truly one of the best instructors."

Thank you for a very enjoyable informative day off. I've learned so much in a short amount time. This brings together many pieces of information for me! Relevant.... Dr. Barbour is a great teacher and this class was a great way to integrate and remind me of what hands on bodywork can and should do. I really appreciate the way in which Dr. Barbour imparted information on the scientific and spiritual level and in fact did not necessarily make a distinction or separate the 2. It definitely made me want to learn so much more... Muchas Gracias
